THE IDEAL CHOICE FOR A

Church

Videographer

School

Theater

# MICROCOM<sup>®</sup> **M**

Simplicity, function and value are the core of the MicroCom M system. While simplicity makes MicroCom M a smart choice for less-technical users, price and performance make it an excellent alternative to two-way radios as well as a perfect fit for smaller houses of worship, videographers, corporate events, productions, school activities, and more.

Stop getting by with limited communication. Now is time to improve your communication with full-duplex MicroCom.

## MICROCOM<sup>®</sup> XR

Finding a full-duplex wireless intercom to meet the needs and budgets of mid-size applications without overkill was like looking for a unicorn. It didn't exist, until now.

MicroCom XR is the only easy-to-use, affordable intercom solution that gets the job done, just right. Robust wireless performance, extended range, and high-quality audio impress and deliver in applications such as theaters, event venues, concerts, and just about anywhere a group works.

Get just what you need and go farther, with more users, and for less cost with MicroCom XR.
